

## Visiting the Doctor

*The script for the MP3. This can be used for listening comprehension.*

Doctor: How are you feeling today?

Patient: Oh, not so good.  
I didn't sleep well last night.  
And I have a bad backache.

Doctor: Oh my. That doesn't sound good.

Patient: Well, I just bought a new bed yesterday.  
Do you think it could be the new bed?

Doctor: Yes, that could be the problem.  
If so, it will get better in a few days.  
For now, take this medicine.  
It will help with the back pain.

Patient: Thank you very much.
